

# Boarding Membership

Boarding at Buster & Lilly's is designed to relieve the stress, which normally accompanies the separation of our furry family members from their non-furry counter parts.

After breakfast each morning, guests join their friends and our staff for a day of fun and frolic in our play areas. Our fantastic staff provides activity and attention to meet the demands of each guest. Some enjoy playing ball all-day or splashing in our summer wading pool, while others would prefer to be carried or cuddled. We gladly accommodate all of our guests' special needs. Our goal is for the activity of the day to lead to a relaxed sleepy guest at night.

Our guests enjoy dinner at approximately 4:00pm and then have several more hours to socialize and get ready for a good nights sleep. We have created a sleeping environment that has all of the comforts of home. Each guest has a perfectly pup-sized private kennel with a nice cozy raised bed, blanket & rug.

Not everyone can be a Buster & Lilly's member. This is a place for dogs that enjoy socializing with new dogs and our staff and after a long day of play rest peacefully. This is not the place for overly shy, fearful, ill-mannered, or aggressive dogs. If your dog does not enjoy this experience and/or makes the experience un-safe or unpleasant for himself/herself, other guests, or our staff Buster & Lilly's will revoke his/her membership.

All of our kennels are furnished with rugs to relax on and raised beds for a rejuvenating night's sleep. Please, tell us if you would like us to remove any furnishings from your dog's room. We recommend that if your dog has not been left for the night in a confined space such as your bathroom or utility room, or if he/she has never been boarded before that you experiment a little before his/her first experience with us. If he/she is crate trained we urge you to bring his/her crate. You are also welcome to bring bedding, however, if it is destroyed by your dog it will be bagged and returned to you in that condition.

We require that all guests come with enough food for their entire stay, so that we can keep them on the diet which they are accustomed to and avoid any intestinal upset. We recommend that you bring special treats, chewies, toys, and anything else that you would like in their room to make their stay more enjoyable. Please, make sure these are all items that you feel comfortable with your furry family member having when left unsupervised in his/her room.
